May 25, 2006

Dear Palm Avenue area resident:

The Interstate 10 widening project in Redlands will require the full closure of Palm Avenue from May 30 to June 2, from 6:30 a.m. to 3:30 p.m. Two eastbound lanes on Interstate 10 also will be closed from 11 p.m. on June 1 to 5 a.m. on June 2.

Crews will be performing demolition work on the Palm Avenue bridge. The night work will require the use of noisy heavy equipment and the placement of temporary lighting throughout the night. Efforts will be made to minimize the impact to local residents. However, we ask for your patience during this night work.

Motorists will be detoured to Highland Avenue via Grove Street and Lytle Street. Detour signs will be placed to direct drivers through the area. Please see map below.

SANBAG and Caltrans recognize that construction near your home and disruptions to driving patterns are difficult. For questions, please call the I-10 helpline, (909) 889-8611 ext 102; calls will be returned by the next business day. For more information, please visit the SANBAG website at www.sanbag.ca.gov. SANBAG and Caltrans appreciate your patience during widening of this freeway. Please allow extra time when traveling through the construction area and follow all signs and detour routes.
